How to order

When ordering please ensure to replace XX or YY with appropriate number for the chosen carcass and front finish combinations (see example)!

Lacquered Surfaces

All lacquered surfaces undergo a lengthy manufacturing process of sanding, lacquering and final polishing. Ultimately, through the intricate and complex workings a deep coloured, smooth, non-porous surface is achieved.

Front Finishes

Royal Reflex fronts are distinguished by their glass surface.

Glass- Fronts

Glass is a modern material, easy to look after and extremely durable due to its toughened properties.

Manufactured from toughened safety glass (ESG)

Royal Reflex glass fronts are available in two finishes:

Lacquered back: White, Magnolia, Anthracite (RAL 7015), Mocca (RAL 8014), Titanium (RAL 7040), Truffle.
 Reproduction print: Beech, Walnut

Matching carcass finishes:

Silky-matt lacquer: Anthracite, Mocca, Titanium, Truffle.
 High-gloss decor: White, Magnolia

All fronts feature vertical aluminium trims
